Competition Objective

The competition challenges teams of university students to conceive, design, fabricate, develop and compete with small, formula-style, race cars.

Team Eligibility Criteria

- Team members must be enrolled as degree-seeking undergraduate students in any university. Team members who have graduated within the seven-month period prior to the competition remain eligible to participate. Specific to the Formula Green competition, students who have graduated between May and June of the year prior to the competition are eligible to participate.
- Students who have already graduated from a degree program and are seeking another degree of the same level or below are not allowed to participate.
- Students seeking a Ph.D. degree/Ph.D. students or equivalent are not allowed to participate.

Team Size

Team Member	10 Minimum	35 Maximum	25 extra(paid)	60 Total Member
Faculty Advisor	01 Minimum	02 Maximum	-	-

It is mandatory for Faculty Advisor(s) to accompany the team during the Main Event. Teams have to confirm the availability of their Faculty Advisor(s) during the event to avoid any issues.

Teams per University

- A university may register two teams.
- For the purposes of registering and competing, both teams are to be assumed as separate and independent entities.

- Teams that are formed with members from two or more universities are treated as a single team. In such a case, the team must inform the organizers upon registration as to which university will be represented.
- In the case where multiple colleges located in multiple cities or districts are grouped under a common University, either autonomous or through affiliation, the team must register under their College name.

Registration Fee
